Dear lacemakers, dear lovers of lace,

the city of Vamberk, like every year, will once again live with lace in 2024. In cooperation with the Lace Museum in Vamberk, we are already preparing the traditional International Lace Festival, where we would like to welcome you and share with you the joy that lace brings. As always, a number of thematic exhibitions dedicated to lace, fashion shows and a rich accompanying program await you. The prestigious Biennial of Czech Lace is part of it.

Program:

27 June 2024 evening - Ceremonial opening of the Czech Lace Biennial

28 – 29 June 2024 - International Lace Festival

If you are interested in participating as an exhibitor, please send a non-binding application to mestsky.klub@vamberk.cz till October 31, 2023, so that we can provide you with free accommodation, catering and exhibition space. After this deadline, we will contact you to make a binding application.
